

The First Annual RISE Workshop

University of Waterloo, August 26, 1996
Room 1304, W.G. Davis Computer Research Centre (DC-1304)

11:00 am Business meeting (faculty participants only) - Chemistry 2 (C2), Room 361 (C2-361)

1:00 pm Welcome - Monica Barra

1:05-1:50 R.A. McClelland - Flash Photolysis Studies of Arylnitrenium Ions

1:50-2:10 Monica Kaila - The Effect of 'Spectators' on Photoreactions in Zeolite Cages

2:10-2:30 Martin Byloos - Far-UV Laser Flash Photolysis of a Silacyclobutene

2:30-2:50 Olga Rinco - Investigation of Dynamic Processes in Bile Salt Aggregates

2:50-3:10 coffee break

3:10-3:30 Todd Melville - Probing Zeolites with Reactive Intermediates

3:30-3:50 Kazim Agha - The Photochemistry of Guest molecules in Calixarenes and β -Cyclodextrin Solid Complexes

3:50-4:35 Ann M. English - Reactive Intermediates in Proteins

6:00 Dinner - Janet Lynn's Bistro, 92 King Street
